

CO2 Footprint, 2022

VebeGo Cleaning Services

Vebegeo generic roadmap

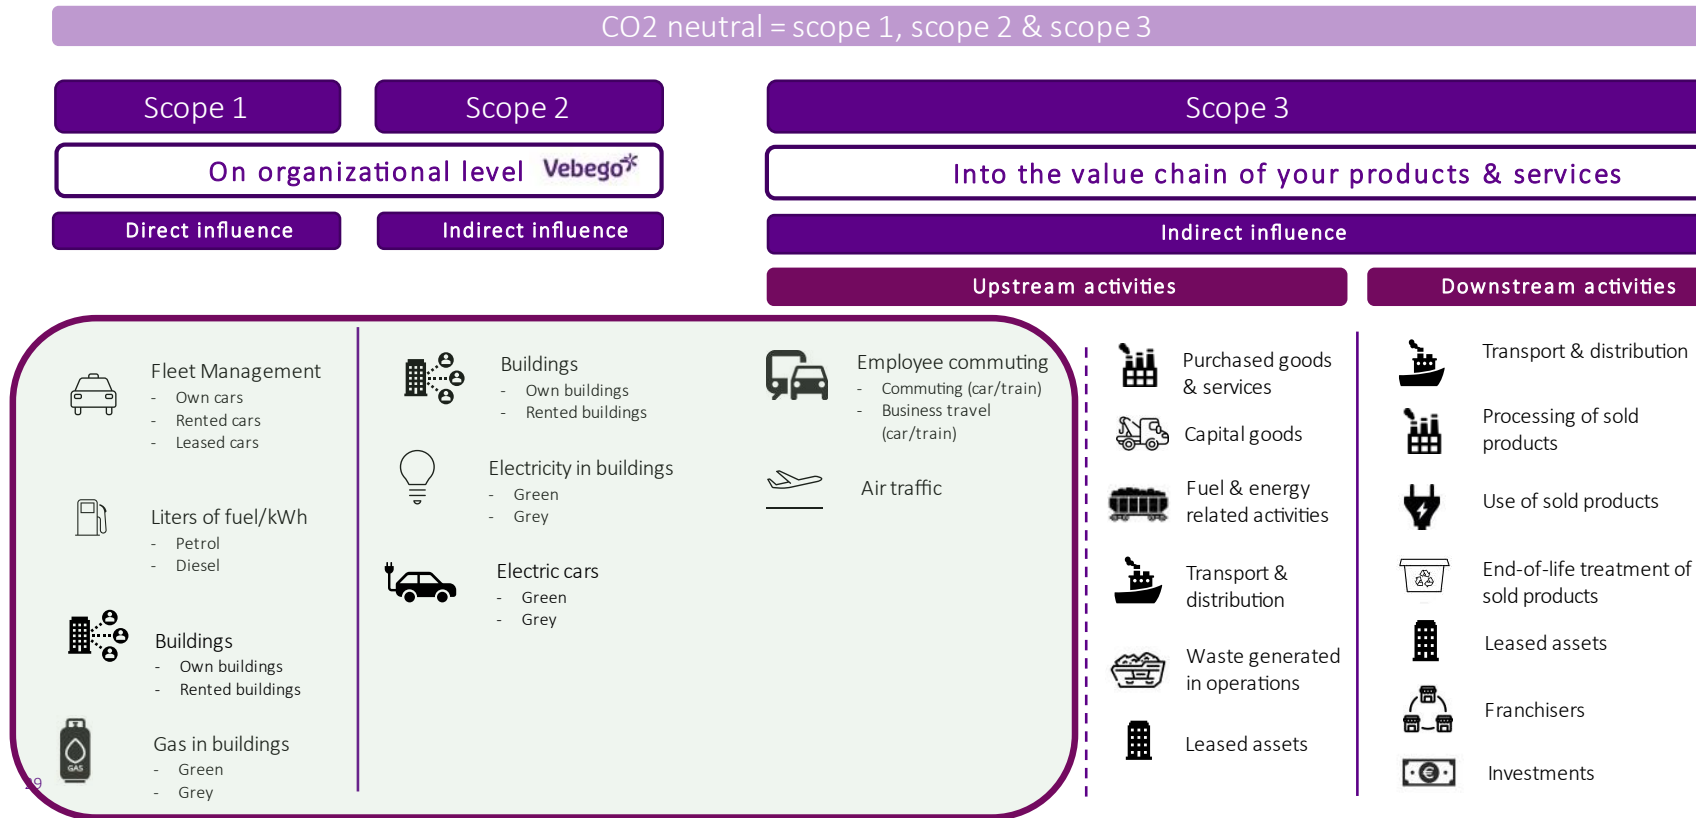

- This is the generic roadmap of Vebegeo.
- Every company should make their own business roadmap in order to become CO2 neutral in 2030. The milestones from the Vebegeo roadmap serve as the basis.
- The footprint shows your current status of your CO2 emissions.

2021: scope 1, 2 and partly scope 3

CO2 neutral (scope 1,2 & 3)

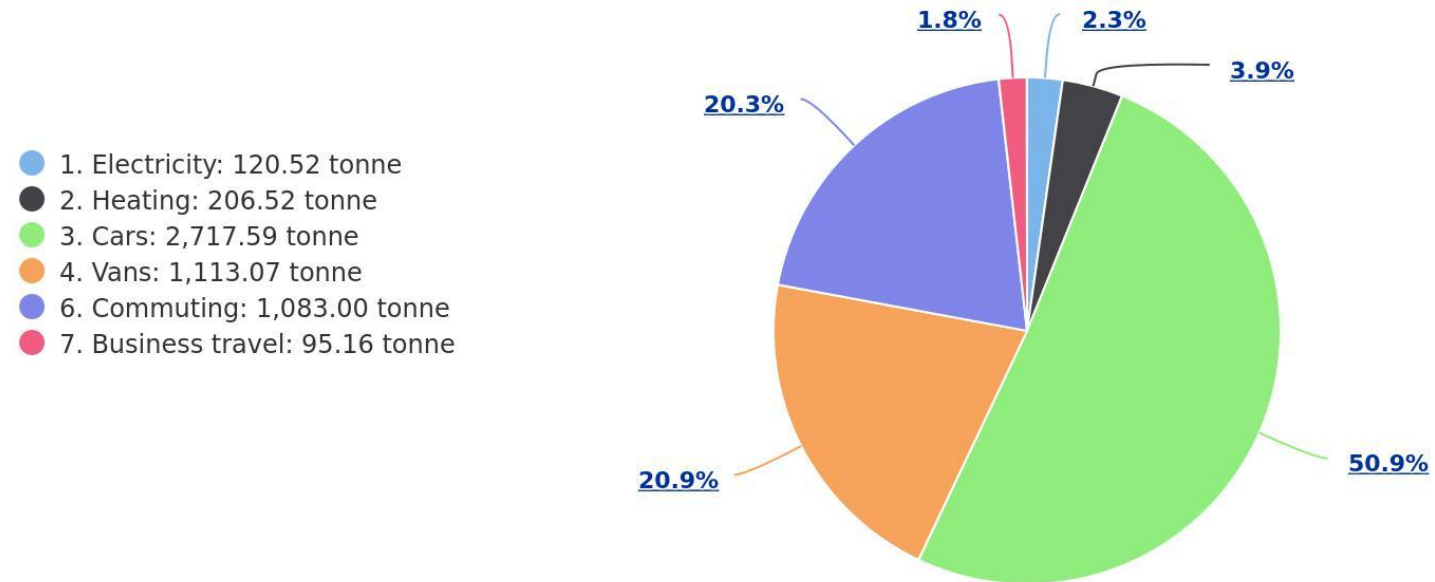

- The CO2 footprint of 2019 - 2022 covers scope 1, scope 2 and partly scope 3 (green area)
- In 2030 we have to be CO2 neutral, this means zero emissions on all three scopes.
